

POWER SUPPLY

VX SERIES 700W

VALUED PSU FOR SYSTEM BUILDERS

VX power supply is the **Most Valued Power** for entry system builders from Aerocool, targeting at performing stable and reliable performance with high quality components.

BASIC, BUT NOT THE LEAST

VX power supply is suitable for entry-level PCs but nonetheless Aerocool puts in all features that a modern PSU would have: 12cm fan with thermal speed control, output protections, and clean DC outputs with low ripple & noise.

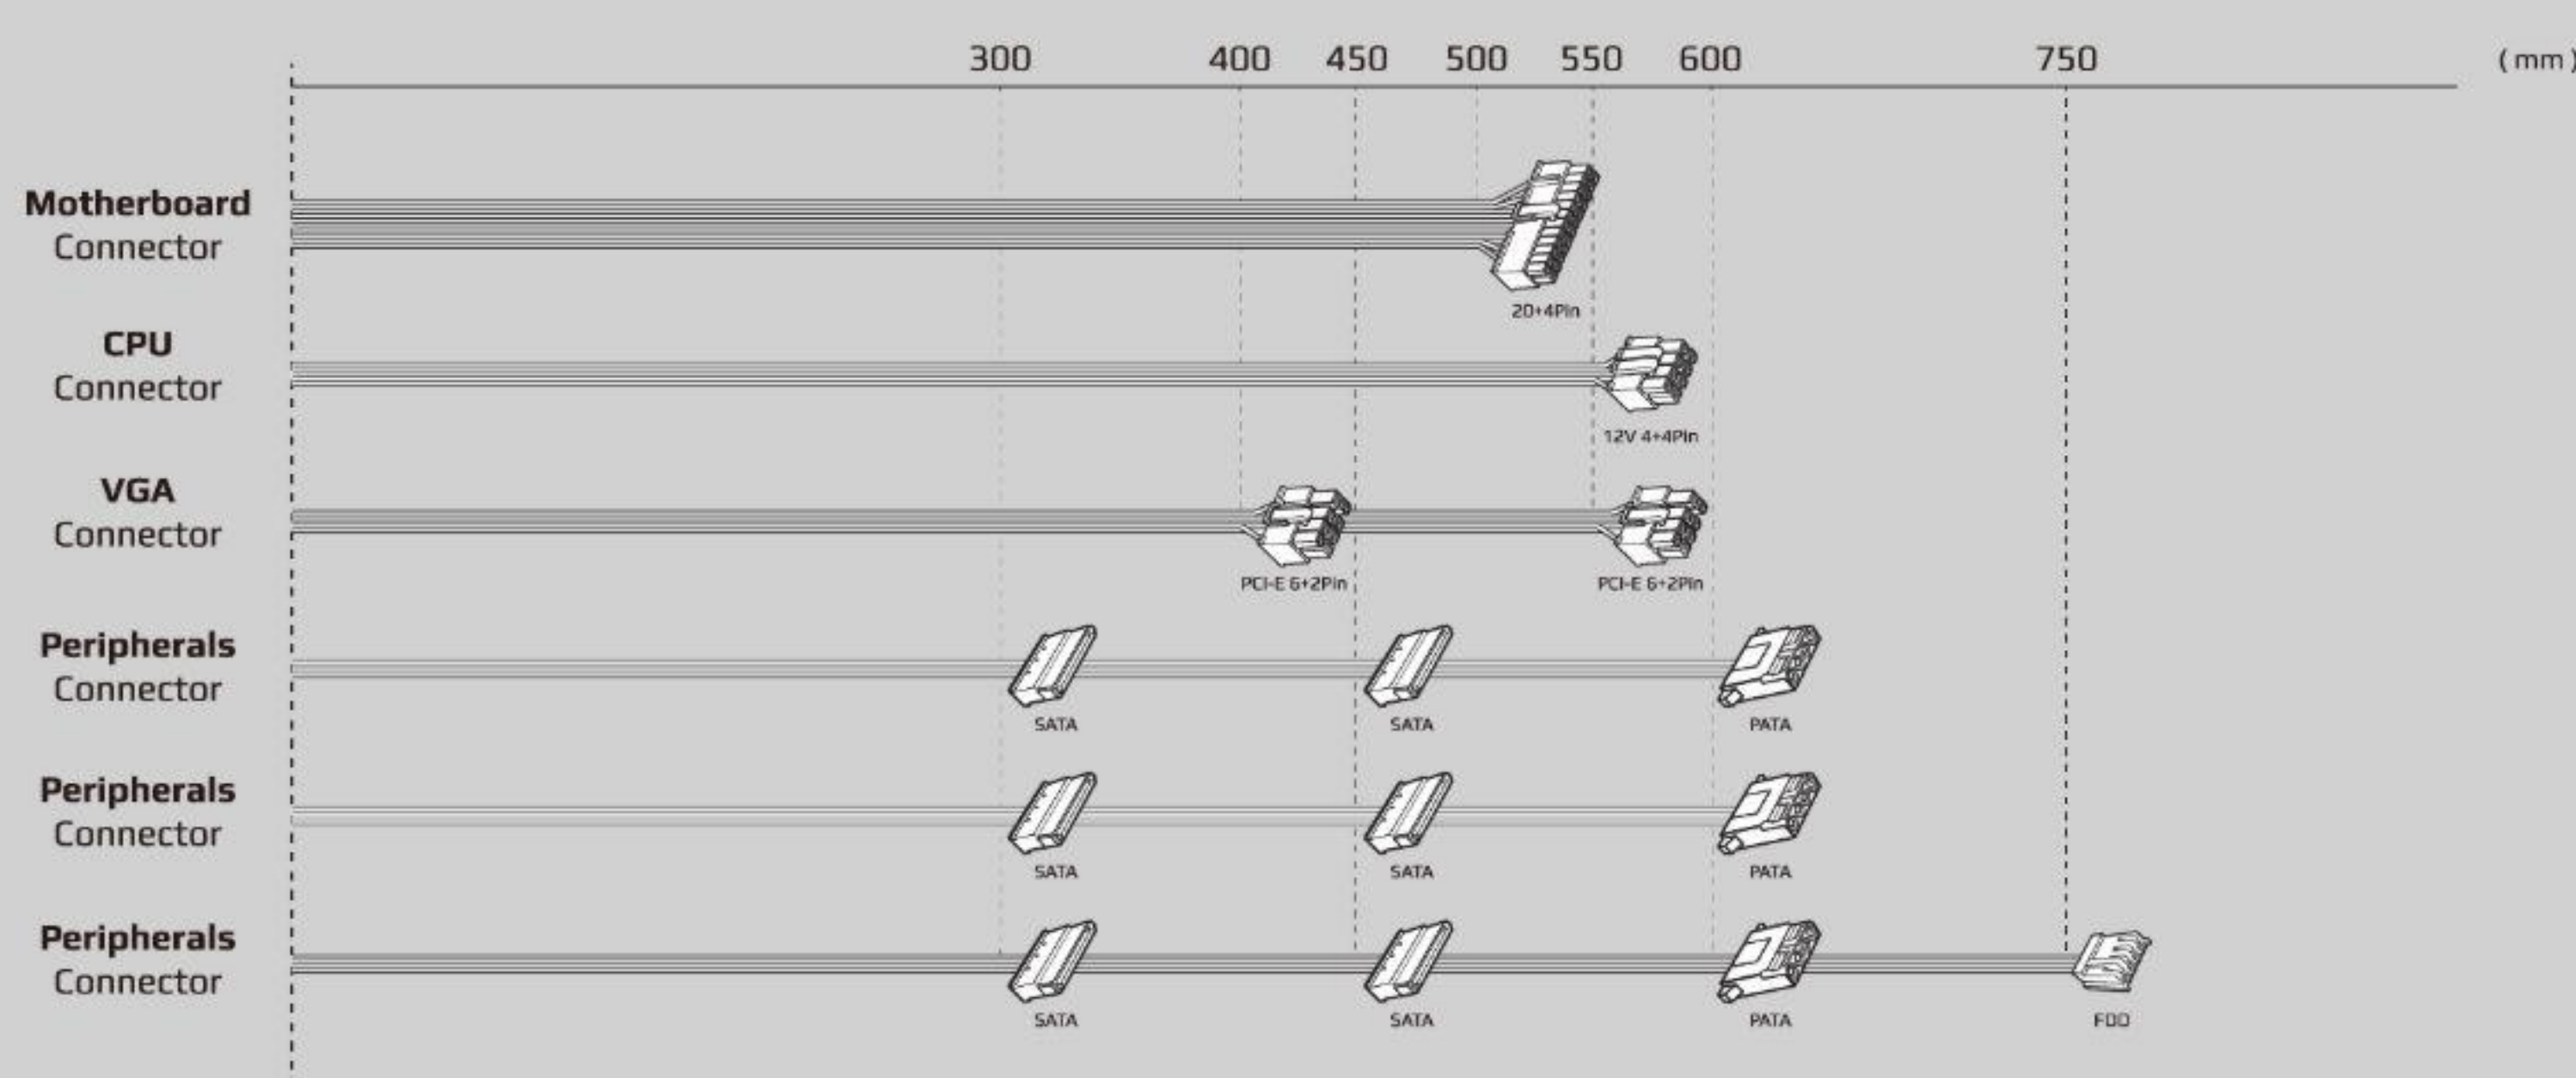

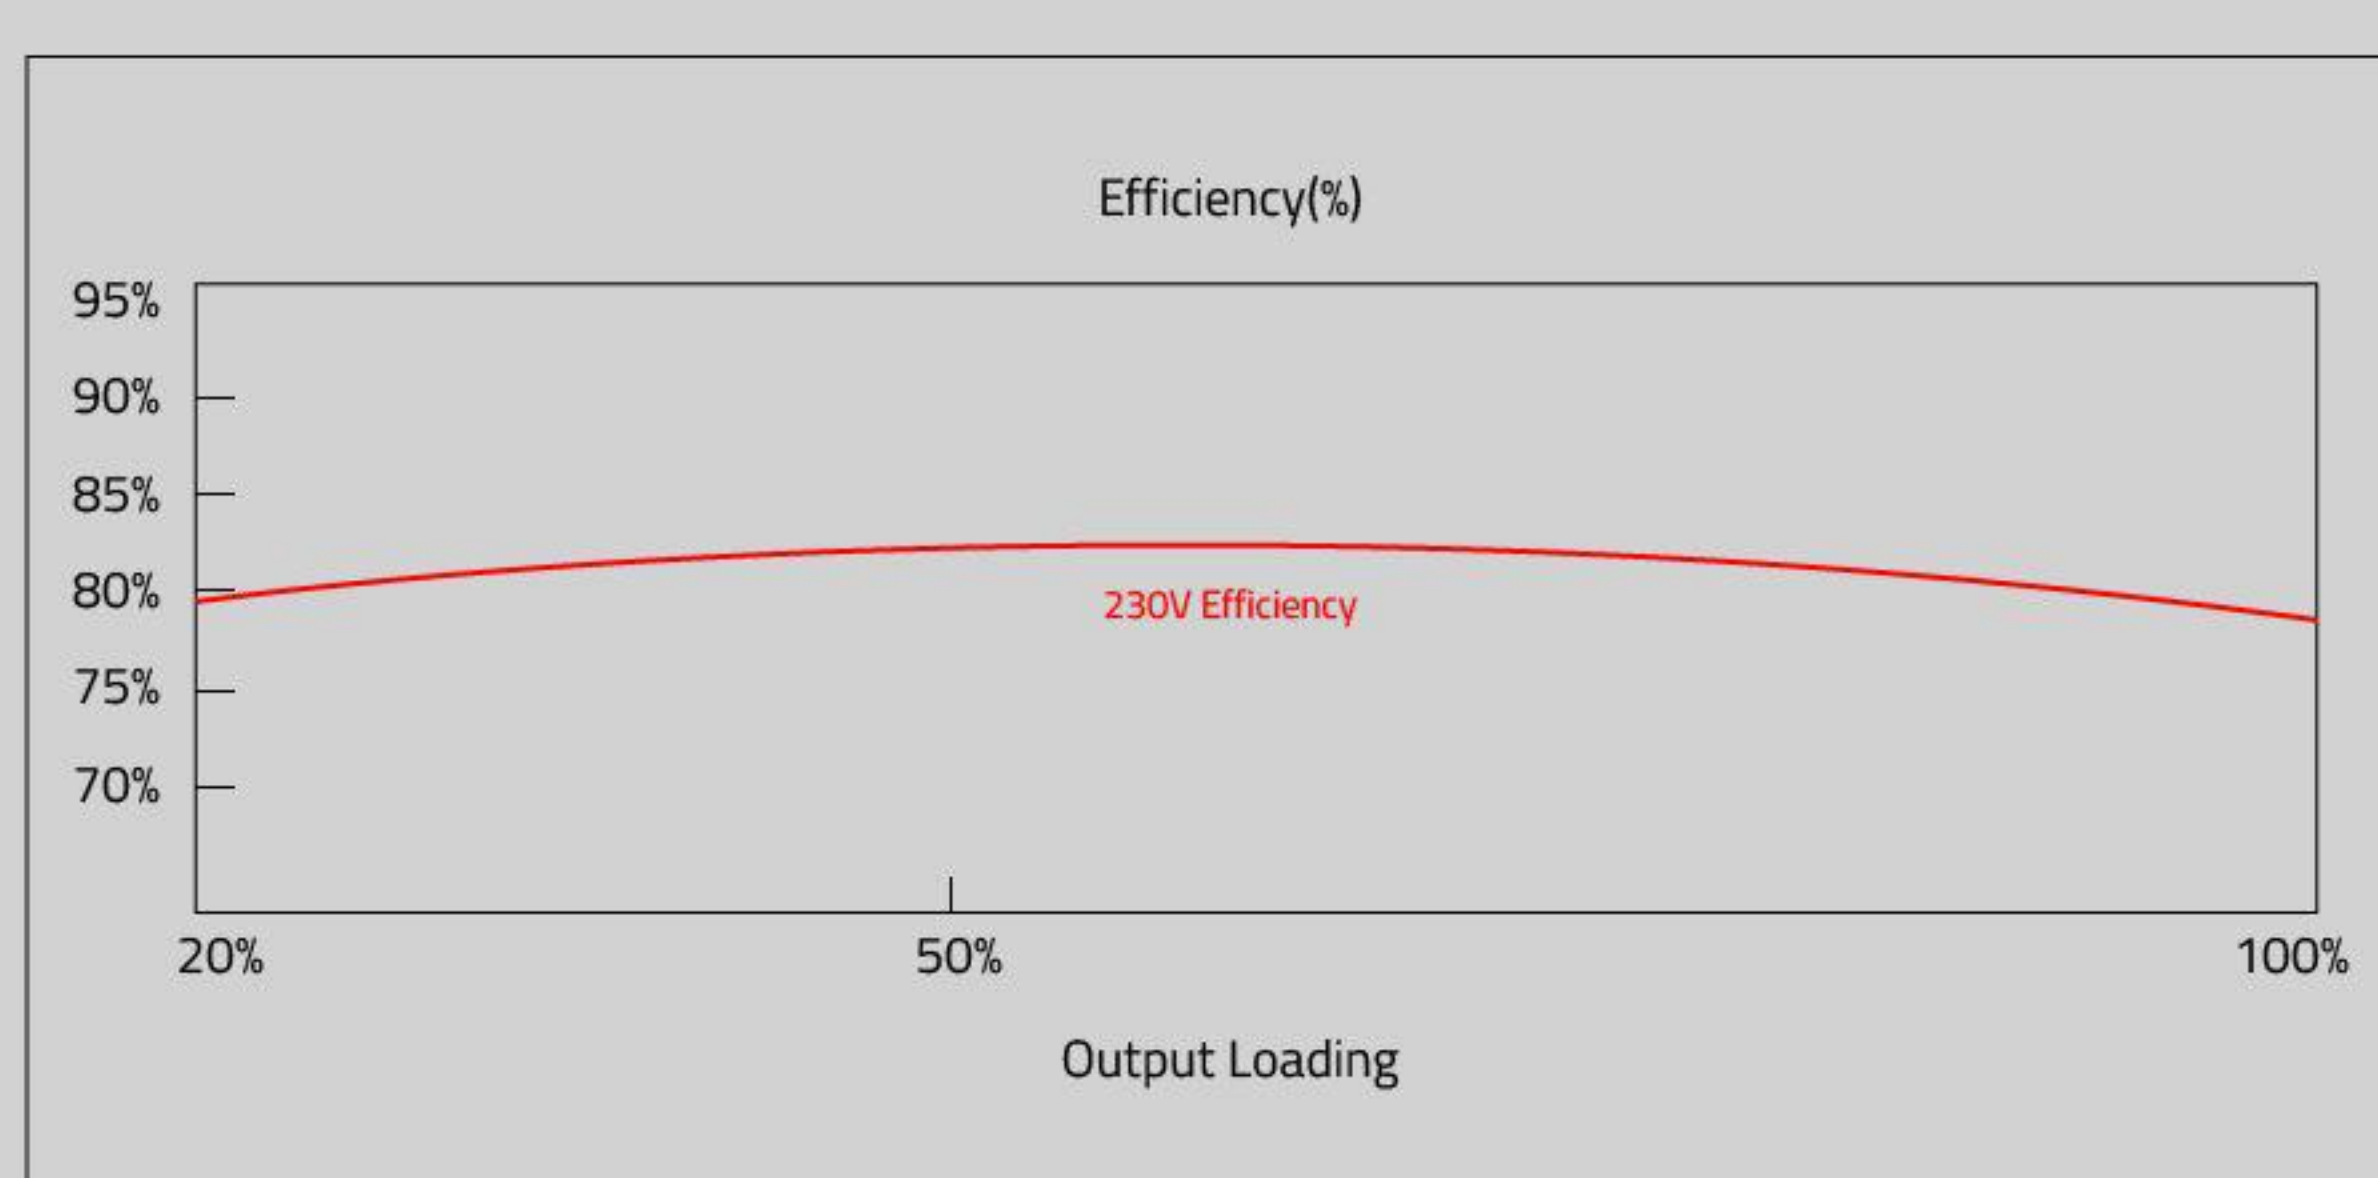

FEATURE

- The most valuable power supply for entry-level system builder.
- Compatible with ATX 12V 2.3.
- High-end SECC with black coating casing.
- Silence 12cm fan with smart fan speed control.
- Support C6/C7 power saving mode on Intel Haswell CPU.
- Powerful single +12V rails offer the most compatible DC output to support high-end graphic card and CPU.
- Long cable length at least 450mm supports high-end case with "Bottom" PSU position.
- OVP/OVP/SCP electrical protection included.
